Admissions Arrangements

St. Francis'
Primary School, Aghaderg

ADMISSIONS 2021—2022

At St Francis' PS Aghaderg we usually operate an 'open door' policy in relation to enquiries regarding admission to the school. However, with Covid-19 concerns parents are asked to contact the school to discuss the admissions process or to visit the school. We believe that this personal approach allows parents time to discuss fully the admissions process.

Appointments can only be made if government guidelines allow them.

Application must now be made via the Education Authority's online portal from 7th — 30th January.
